

Senior Java Web Developer High Traffic Website (m/f/x) at BurdaForward Italia (Application-Deadline: 31.8.2019)

BurdaForward is the digital media house of the future. Our strong network is based on the journalistic brands FOCUS Online, CHIP, Finanzen100, NetMoms, The Weather Channel, EFAHRER.com and cardscout. We already inspire more than every second internet user in Germany!

BurdaForward is part of Hubert Burda Media, a family company with values. As a publishing house that has been writing media history for more than a hundred years Hubert Burda Media assumes social responsibility by supporting cultural and social organizations to this day.

At BurdaForward we have a common mission: to support and provide people with individual, reliable and solution-oriented content throughout the day and help them lead a better life.

We combine first-class journalism with innovative technology and we happily welcome anyone who wants to join us!

What you could expect...

Ciao Bari! We've opened our new BurdaForward tech office in beautiful Bari this year and we're looking for great people to join our team!

When joining BurdaForward you will find start-up spirit and professional long-term perspectives in a technology-driven environment. Your contribution matters and you are enabled to grow - personally and professionally. Let's shape the media of tomorrow together! This position would be for our BurdaForward brand **Focus Online** which is Germany's No. 1 website for digital media reaching 22.7 million unique visitors in a single month (AGOF digital facts 2018-08). The news-portal delivers the latest news and solution-oriented service information.

We are looking for a results-driven Full-Stack Java Web Developer (m/f/x) who will work in a scrum team to develop, troubleshoot and improve our platform. The Java Web Developer (m/f/x) will use his or her understanding of programming languages, patterns and modern tools to develop features and services, the scalability, automation and security of the system according to industry standards.

Your tasks

- You work on the development of new Web-Applications for one of the biggest news portals in Germany
- You make the conceptual design for new functionalities together with UX designer and the product owner
- You are a member of an agile Team

What we would wish for...

- You are a very experienced Web Developer, especially with the technologies Java, HTML, CSS and JavaScript
- You have experience with running High Traffic Websites and CMS Systems
- You are good in developing technical architectures and communicating them in the team
- You are street-smart with actual technologies
- You have the claim to develop high quality software
- You have good communication skills in English

What we offer...

- At BurdaForward you will find a technology-driven environment in which your contributions matter and you are enabled to grow – personally and professionally
- Have an impact - you have the possibility to shape our new tech center from the very beginning!
- We encourage an open and direct communication.
- We are a 100% subsidiary company of Hubert Burda Media – this implies a unique compatibility of startup-spirit and professional long-term perspectives.
- You will work at a modern workplace in our freshly opened office! (Via Oberdan 40, 70126 Bari)

Your application:

If you think this position fits to you and that you can help us to have a successful start in Bari, we would be delighted to talk to you. Our team is looking forward to receiving your English application – including your CV, certificates, salary expectations and your earliest possible starting date – via our online application platform.
