

Junior Full-Stack Software Engineer (m/f/x) at BurdaForward Italia (Application Deadline: 31.8.2019)

BurdaForward is the digital media house of the future. Our strong network is based on the journalistic brands FOCUS Online, CHIP, Finanzen100, NetMoms, The Weather Channel, EFAHRER.com and cardscout. We already inspire more than every second internet user in Germany!

BurdaForward is part of Hubert Burda Media, a family company with values. As a publishing house that has been writing media history for more than a hundred years Hubert Burda Media assumes social responsibility by supporting cultural and social organizations to this day.

At BurdaForward we have a common mission: to support and provide people with individual, reliable and solution-oriented content throughout the day and help them lead a better life.

We combine first-class journalism with innovative technology and we happily welcome anyone who wants to join us!

What you could expect...

Ciao Bari! We've opened our new BurdaForward tech office in beautiful Bari this year and we're looking for great people to join our team!

We are looking for a results-driven Junior Full-Stack Software Engineer (m/f/x) who will support the development of a new publishing application for digital media and improve our existing platforms. The Full-Stack Software Engineer (m/f/x) will use their understanding of programming languages, patterns and modern tools to develop the application, new product features and services, the scalability, automation and security of the application according to industry standards.

Your tasks:

- Development of new features and services in close collaboration with the Product Owner and the development team
- Bringing new product ideas into the team
- Quality Assurance

What we would wish for...

- First experience as a Full-Stack Developer / Software Engineer (m/f/x)
- Experience in JS and JS frameworks (node.js, Angular) for backends and frontends
- Experiences with JavaScript ES6-ES7 and TypeScript are welcome
- First experiences in cloud native development (AWS) and cloud infrastructure / services
- Problem-solving skills
- Team player
- Fluent in English, spoken and written
- First experiences in working with agile methodologies (SCRUM) are welcome

What we offer...

- At BurdaForward you will find a technology-driven environment in which your contributions matter and you are enabled to grow – personally and professionally
- Have an impact - you have the opportunity to shape our new tech center from the very beginning!
- We encourage open and direct communication.
- We are a 100% subsidiary company of Hubert Burda Media – this implies a unique combination of startup-spirit and professional long-term perspectives.
- A modern workplace in our freshly opened office! (Via Oberdan 40, 70126 Bari)

Your application:

If you think this position fits to you and that you can help us to have a successful start in Bari, we would be delighted to talk to you. Our team is looking forward to receiving your English application – including your CV, certificates, salary expectations and your earliest possible starting date – via our online application platform.
